

# NUMERA ACCESSORIES - DESIGNED FOR AGING IN PLACE

**OUR FLAGSHIP  
WEARABLE:**

**PROACTIVE PERSONAL  
SAFETY PENDANT  
WITH PROVEN FALL  
DETECTION**

**SUMMONS HELP WHEN  
YOU CAN'T**

Numera Fall Detector Pendants (2GIG-F1-345Mhz and DXS-F1 315Mhz) are the latest in technology in the Numera line of Personal Safety Wearables. Reliable transmission, sealed design, and leading-edge fall detection technology promote full-time use and around-the-clock protection.

Numera 345 Mhz wearables are compatible with Numera devices, including the Numera Libris mPERS product line and Numera Home Safety Hub console PERS-4200X, as well as 2GIG home security systems. 315 Mhz wearables are compatible with PERS-4200 and 2400.

\*Please see the full line of Numera wearables on the second page of this sell sheet.

## FEATURES

- Cutting-edge Fall Detection Technology: Multi-axis sensor intelligence recognizes the most falls.
- Proven: Fall detection leverages the Numera Libris' advanced fall detection algorithms and fall assessment capabilities that are based on real human falls.
- Proactively Sensitive: 3D sensing is designed to send an alert when a fall is detected.
- Strong Transmission: Works in common residential constructions.
- Full-Time Use is Full-Time Protection: Attractive comfortable design encourages usage at all hours
- Completely Sealed: Durable, shock and water resistant (IPx7) with long lasting battery.
- 345Mhz line: 345 Mhz accessories are fully compatible with Numera Libris (when charging in Numera Smart Cradle), Numera PERS-4200X system and 2GIG systems
- 315Mhz line: 315Mhz accessories are fully compatible with PERS-4200 and PERS-2400

# NUMERA ACCESSORIES - DESIGNED FOR AGING-IN-PLACE
